

THE DESIGN **COLLECTION**

The Design Collection is not just a collection of interior products, but a big family with various selections for choice. From wide to narrow beam angles, from recessed to surface mounted and track applications, this collection provides it all with different color finishes and accessory combinations.

All in all, the design collection can meet all possible interior lighting requirements.

BIANCA COLLECTION

Minimalist-designed Bianca family has very flexible forms and accessories options to use the light as art and to produce the desired effect without glare.
