Wide Range Of Lighting Products

We specialize in advanced lighting technology, turning design ideas into real results.
We provide a wide range of top-quality, eco-friendly lighting options that make spaces spectacular.
We focus on keeping things simple, adaptable, and reliable to give you the best results for your projects.

About Us

We are driven by **Our Mission** to empower spaces with innovative, sustainable lighting solutions, tailored to enhance functionality and aesthetics for every client.

We uphold **Our Vision** to lead global lighting innovation, inspiring spaces with exceptional, eco-friendly designs that set industry standards.

A modern interior space, likely a villa, featuring a large potted tree in the center. The room has a high ceiling with a rooftop garden area visible above. The furniture includes a light-colored sofa, several armchairs, and a coffee table. The lighting is warm and ambient, creating a cozy atmosphere. The text "Creative Lighting Solutions" is overlaid on the left side of the image.

DESIGN COLLECTION
UNDERWATER LIGHTING

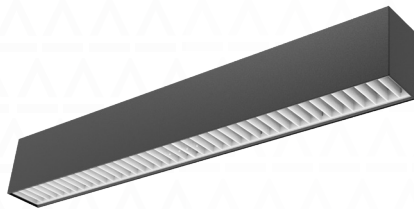

Indoor Lighting

Acumen's indoor lights are top-notch and fit any space perfectly. We provide affordable, high-quality modular and strip lights that you can customize.

Our advanced technology makes these lights durable and easy to control, ensuring a smooth experience.

And More...

Outdoor Lighting

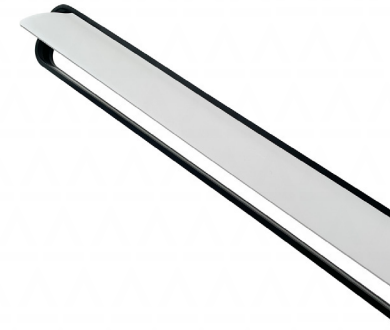

Acumen's outdoor lights offer a diverse selection of lighting products perfect for residential, hospitality, and high-end retail spaces.

Our adjustable lights come in various shapes and colors to match any setting.

We use weather-resistant materials to protect our products from water, dust, and weather damage, ensuring long-lasting durability.

Design Collection

Acumen's Design Collection features a selection of elegant lighting product collections that stand out in any space.

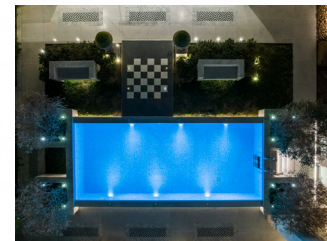

These affordable, high-quality lights are crafted to enhance the beauty of your environment. With their durable construction and easy control, they provide a hassle-free and stylish lighting experience.

Underwater Lighting

Acumen's underwater lights are exceptional and enhance any aquatic setting beautifully. We offer affordable, high-quality lighting solutions designed specifically for underwater use.

Our underwater lights are durable and easy to manage, providing a seamless and reliable lighting experience for pools, fountains, and other water features.

LUXA

By Acumen Light

LFO is designed and calculated to focus the light inside the blind and spread it nearly glare-free throughout the room below.

This creates an almost natural light atmosphere.

The **LFO** lens ensures visual comfort by eliminating glare.

Technology and Innovation Lighting Control

All of Acumen's lighting products are compatible with Casambi technology for easy control.

CASAMBI

TRIDONIC

Casambi system uses the latest technology in lighting control
allowing the user to enjoy the following features:

Technology and Innovation Lighting Control

CASAMBI **TRIDONIC**

Acumen Light products are compatible with the latest lighting technologies provided by Casambi & Tridonic, two market leaders in the lighting industry.

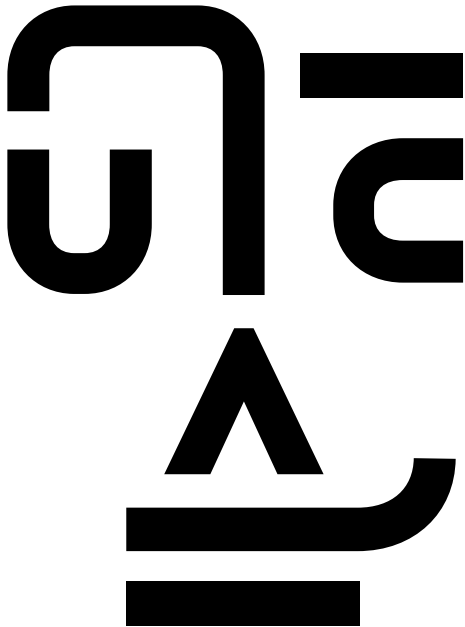

Providing the following features:

- Acumen Light products can be controlled by **Casambi** User-friendly App using **Tridonic** LED drivers.
- Grouping and individual control.
- Dimming option for indoor & outdoor.
- Option to skip the normal switches or replace them with wireless switches.
- Smart sensors to customize lighting & save energy.
- Designed for easy setup without the need for expert commissioning or additional wiring and compatible with all Acumen Light products.
- The control system comes fully integrated into the fixtures
- Nothing extra – just luminaires, sensors, and switches.
- Easy to specify, install, configure, and use.

Added Value Services

We strive to better understand the needs and expectations of each client and to consistently deliver the best products and services.

Attentiveness

We listen closely to understand your specific needs and preferences. This helps us create lighting solutions that are just right for you, ensuring every light perfectly fits your space.

Creativity

We bring an artistic touch to each design, transforming everyday spaces into something truly special and eye-catching. Our creative approach ensures your lighting is functional and a key part of your decor.

Uniqueness

Our lighting solutions are one-of-a-kind. We focus on creating unique designs that add a personal touch to your environment, helping your space stand out with its distinctive style.

DALSTUDIO

SOME OF OUR DECORATIVE COLLABORATORS

As we believe that the lighting is here to give the best result of our specialization in architectural lighting we take care of all details in our Projects.

Acumen collaborates with most famous decorative lighting to add beauty to our projects

A large, multi-level indoor swimming pool area. In the center, a large, ornate crystal chandelier hangs from the ceiling. Below it, a large, leafy tree stands in a circular planter. The pool is surrounded by lounge chairs and a hot tub. The walls are made of light-colored stone or concrete, and the ceiling is a complex, multi-tiered structure with recessed lighting.

MASIERO

Masiero has had a vision of developing and producing high-end decorative lamps for interiors and exteriors since 1981.

Technical ability, passion for technology, and design—these are the elements that, when combined, make the Masiero brand unique

SLAMP®

In business since 1994, located in the heart of Rome – Italy.

What makes Slamp unique is that every piece is handcrafted and customized from flexible, sustainable, and durable technopolymer.

Which are dustproof and low maintenance, also very light in weight compared to glass and crystal.

VENINI

**Founded in 1921,
Venini has been committed to providing magnificent art pieces
ever since.**

With multiple world leading designers like Marco Piva, he is an innovator who is dedicated to create unique design solutions pervaded by stylistic freedom, functionality, and emotion.

ideal lux®

Established in 1974, derived from the intuition of designing contemporary and accessible lighting accessories.

Idealux has been committed to listening to everyone's need, proposing a wide variety of lighting style and meeting every functional requirement.
